Come join NCANN for a fun networking event. Become a winemaker for an afternoon at Tenuta Winery in Livermore, CA and learn about the benefits of joining NCANN, future NCANN events and meet the Board of Directors.

The event will include wine, a special barrel tasting and a tour of the winery. We will then divide into teams and work together to blend the best wine. After a blind tasting, the best blend will be chosen and the winning blend will be bottled with the NCANN logo. Each participant will take a bottle home with them. Hors d'oeuvres will be included.

We want to encourage members to help recruit new members. We will be giving a \$10 off coupon for an upcoming event if you bring a nonmember and \$10 more if that person joins NCANN. There is a limit to 40 people so please register early.
